***Innovations Academy***

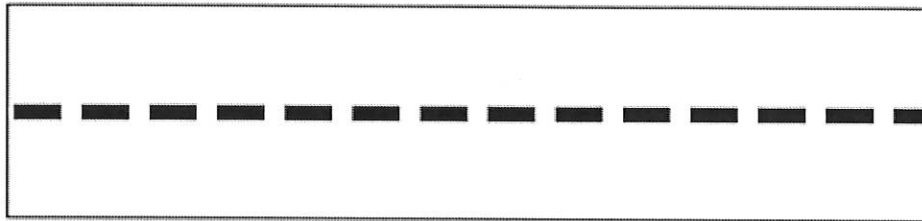

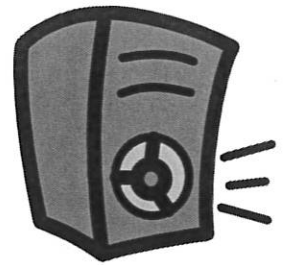

*Get Our Bus on the Road!*

*Fundraising Pledge Drive for*

*Innovations Academy*

*September 28 - October 13, 2017*

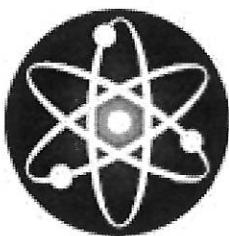

Innovations Academy, like all public schools, depends on the generosity of our parents to supplement the funds we receive from the state.

Last year our pledge drive raised \$19,000, and we bought a bus! This year, our pledge drive funds will go toward:

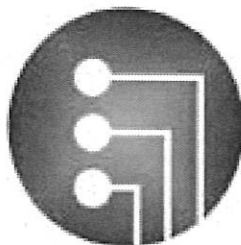

- Sound equipment and other needs for the Performing Arts Department
- Bus driver, bus maintenance, and gas
- Field trips

Our goal this year is \$25,000 which equates to \$100 per family. Whether you give \$1, \$10, \$100, or \$1,000, we need 100% participation, a donation from every family. This will demonstrate the dedication of our families, which will help IA in grant applications and our charter renewal.

Contributing what you can makes our fantastic school even better! If you have any questions or need additional information, e-mail [IAparents@innovationsacademy.org](mailto:IAparents@innovationsacademy.org).
