School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

At Innovations Academy (IA) charter school, we powerfully create our lives through self-expression, compassionate connection, and purposeful learning. Our constructivist-based K-8 school teaches through student-centered activities and inquiry focused learning which includes projects, performance and other interactive learning. We utilize a relationship based discipline program for classroom and campus behavior management and skill building.

At Innovations Academy, children learn in an environment that respects the intellectual, emotional, and social intelligence of all children. We use a multidimensional curriculum to support the innate human desire to learn.

At least 80% of our population attends school in a progressive five day structure. Additionally, for home schooling families, Innovations Academy offers a 3-day program for grades K-2, and a 2-day program, known as the Home Learner Community, for grades K-8. Please visit our website for additional information about these programs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	46	43	55	55	50	50
Mathematics (grades 3-8 and 11)	38	36	45	46	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

At Innovations Academy, parents have many opportunities to be involved. We invite parents to attend student-led conferences, presentations of learning, portfolio days, and exhibitions of student work. We welcome classroom volunteers, parent drivers and field trip chaperones. We have a very active parent group, called the Parent Connection, that sponsors several social activities each year and supports internal school activities as well. There are also opportunities to participate in school site meetings and LCAP development. For information about volunteering at school, parents can come to the front office or contact info@innovationsacademy.org or the Parent Connection.

To keep our parents informed, IA sends weekly school announcements through an automated contact system (via email, text and voice) and teachers communicate via ParentSquare. Parents have ongoing access to teachers. Parents are always welcome to speak with the director, Christine Kuglen.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (School Year 2019-20)

The safety plan at Innovations Academy is drafted annually by school administration in accordance with district and county education recommendations and contains an evacuation plan, lock down, fire and earthquake drills. The drills take place monthly and are reviewed regularly with staff. A comprehensive school safety plan is located in the front office for parent review. The safety plan was last reviewed and approved on September 3, 2019.

Adult supervision is provided in the classrooms and outside areas before and after school, and during lunch and recess. Under the supervision of the director, school staff members implement specific school-building security procedures. All students are supervised by staff members or volunteers with background checks.

Types of Services Funded (Fiscal Year 2018-19)

Innovations Academy provides a variety of resources to our students. Our students have access to tutoring on our minimum days after school. Much of the learning software used at school is also made available to students at home. Innovations Academy has a strong social emotional program with tools integrated from Positive Discipline, Responsive Classroom, Nonviolent Communication, and Restorative practices. All students learn conflict resolution and communication tools through this solution focused curriculum and discipline plan. Our staff includes a full time Marriage & Family Therapist to assist students and families. Our classrooms have teacher assistants (in addition to the regular credentialed teacher).

We intentionally do not assign homework. The purpose of this is to assist students in experiencing more meaningful time with their families, provide needed free play for children to grow and be outdoors and allow children to participate in activities and classes outside of school without the stress of returning to more work when they should be sleeping, laughing and learning with their families.

IA supports students by providing access to learning that takes into account a variety of student interests. Our students participate in projects and inquiries that integrate subjects in meaningful explorations. They speak regularly with guest experts who utilize the subjects they are studying. They engage in service learning, often working with non-profit organizations as part of their studies. They participate in field trips each month to places integral to their area of studies. We also currently offer the following enrichment classes: Nature Studies, Gardening, Robotics, Performing Arts, Fine Arts, Pottery, and Foreign Language.

Special Education students are served by a strong team of experts that includes: a Speech Language Pathologist, an Assistive Technology Specialist, an Adaptive PE instructor, an Occupational Therapist, a School Psychologist, a Marriage & Family Therapist and Education Specialists.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	28	27	28.5

At Innovations Academy, we consider professional development as ongoing throughout the year via weekly staff meetings, grade level team collaborations, professional development work days, and educational workshops. These sessions focus on constructivism, inquiry, project development, academic content, assessment, differentiation of instruction to meet the needs of all students, classroom management and our social emotional curriculum.

Training happens both on campus and off site throughout the year as well. Teachers attend conferences and trainings of their choice as well as those provided for schoolwide pedagogical alignment. Additionally, an administrator observes teachers throughout the week, providing the necessary feedback teachers need to both feel supported and to experience growth and reflection in their craft. Teachers are provided time to observe each other and collaborate regularly during the school day as well as visit other schools during the school year. Our professional development focus areas include math, ELA and interactive learning.
