2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

At Innovations Academy (IA) charter school, we powerfully create our lives through self-expression, compassionate connection, and purposeful learning. Our constructivist-based K-8 school teaches through student-centered activities and inquiry focused learning which includes projects, performance and other interactive learning. We utilize a relationship based discipline program for classroom and campus behavior management and skill building.

At Innovations Academy, children learn in an environment that respects the intellectual, emotional, and social intelligence of all children. We use a multidimensional curriculum to support the innate human desire to learn.

2024-25 School Description and Mission Statement

At least 80% of our population attends school in an engaging five day structure. The other 20% of our school population participates in our independent study program. For these home schooling families, Innovations Academy offers a 3-day program for grades K-2, and a 2-day program, known as the Home Learner Community, for grades K-8. Please visit our website for additional information about these programs.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

We moved into a brand new building in August 2020 that was built according to DSA specifications. Everything is inspected regularly and repaired as needed. Our facility is kept in good repair by a team of maintenance and repair workers. Our playground is a nature based playground. Students and teachers have been planting native plants to enhance those already living there.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	58	45	40	41	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

At Innovations Academy, parents have many opportunities to be involved effectively. We invite parents to attend student-led conferences, presentations of learning, portfolio reviews, and exhibitions of student work. We welcome classroom volunteers, parent drivers and field trip chaperones. We have a very active parent group, called the Parent Connection, that sponsors several social activities each year and supports internal school activities as well. They meet on Zoom and in person. There are also opportunities to participate in school site meetings and LCAP development. Parents involve themselves in a variety of other ways such as volunteering in the classroom, speaking to a class about their profession, sending in materials for our enrichment program, donating their time at a fundraiser or school event. For information about volunteering at school, parents can come to the front office or contact info@innovationsacademy.org.

To keep our parents informed, IA sends weekly school announcements through an automated contact system (via email, text and voice) and teachers communicate via ParentSquare weekly. Parents have ongoing access to teachers. Parents are always welcome to speak with the director, Christine Kuglen, who also is available for drop-in meetings to connect with parents.

2024-25 School Safety Plan

The safety plan at Innovations Academy is drafted annually by school administration in accordance with district and county education recommendations and contains an evacuation plan, lock down, fire and earthquake drills. The drills take place monthly and are reviewed regularly with staff. A comprehensive school safety plan is located in the front office for parent

Fiscal Year 2023-24 Types of Services Funded

Innovations Academy provides a variety of resources to our students. Much of the learning software used at school is also made available to students at home, though the school does not assign homework. Innovations Academy has a strong social emotional program with tools integrated from Positive Discipline, Responsive Classroom, Nonviolent Communication, and Restorative practices. All students learn conflict resolution and communication tools through this solution focused curriculum and discipline plan. Our staff includes a full time Marriage & Family Therapist Associate to assist students and families. Our grade levels have teacher assistants (in addition to the regular credentialed teacher).

We intentionally do not assign homework. The purpose of this is to assist students in experiencing more meaningful time with their families, provide needed free play time for children to grow, learn and ultimately thrive as humans with time hopefully spent outdoors as well as allow children to participate in activities and classes outside of school without the stress of returning to more work when they should be sleeping, laughing and learning with their families. We expect parents to read with and to their children at home and explore the outdoors as well as engage in family conversations.

IA supports students by providing access to learning that takes into account a variety of student interests. Our students participate in projects and inquiries that integrate subjects in meaningful explorations. They speak regularly with guest experts who utilize the subjects they are studying. They engage in service learning, often working with non-profit organizations as part of their studies. We also currently offer the following enrichment classes: 2-D art, 3-D art, nature studies, engineering, performing arts and foreign language.

Special Education students are served by a strong team of experts that includes: a Speech Language Pathologist (+ a SLPA), an Occupational Therapist (+ an OT aide), a School Psychologist, an Adaptive PE teacher, a Marriage & Family Therapist and Education Specialists.

Professional Development

At Innovations Academy, we consider professional development as ongoing throughout the year via weekly staff meetings, grade level team collaborations, professional development work days, and educational workshops. These sessions focus on constructivism, inquiry, project development, academic content, assessment, differentiation of instruction to meet the needs of all students, classroom management and our social emotional curriculum.

An administrator observes teachers throughout the week, providing the necessary feedback teachers need to both feel supported and to experience growth and reflection in their craft. Teachers are provided time to observe each other and collaborate regularly during the school day. Our professional development focus areas include math, ELA, test-taking success strategies, and interactive learning.

This table displays the number of school days dedicated to staff development and continuous improvement.
